HOW TO READ FIT SCORES

Fit reflects how well a route matches your stated inputs — not a guarantee of approval. Evidence quality, current rules and document consistency decide the outcome, which is why advisor verification comes before any filing.

ACTION PLAN

Your next four moves

A focused sequence to convert this shortlist into a confirmed route.

1

Confirm your shortlist

Review the ranked routes with a XIPHIAS advisor and lock your primary destination and route.

2

Prepare your profile pack

Assemble CV, identity and civil documents, funds evidence and a destination-specific checklist.

3

Validate eligibility

Advisor verifies current fees, timelines, quotas and rules for your top route before you commit.

4

Begin your application

Move into documentation and filing coordination once the route and evidence are confirmed.

Risk & due diligence

RULES CHANGE**Verify before filing**

Government fees, quotas and timelines shift; confirm current rules at advisor review.

EVIDENCE QUALITY**Strong proof wins**

Well-organised, verifiable evidence is the biggest driver of approvals.

SOURCE OF FUNDS**Be ready to evidence**

Investment and several residency routes require a clean, documented funds trail.

DOCUMENT CONSISTENCY**Avoid mismatches**

Inconsistent names, dates or histories across documents cause avoidable delays.

A nighttime photograph of a city harbor, likely Victoria, British Columbia. The water is dark, reflecting the lights from the buildings and boats. In the foreground, several sailboats are docked. In the background, a large, ornate building with a central dome and many windows is illuminated, along with a taller, modern building to its right. The sky is a deep blue.
